

Commercial and industrial sign up

**Now you can choose to
support renewable energy!**

Yes! Sign me up for *GreenerGMP!*

Thanks for your interest in renewable energy. And for your interest in taking action to preserve our natural resources. When you sign up for *GreenerGMP*, Green Mountain Power will purchase certified renewable Vermont resources equal to the portion of electricity you have designated. If enough operating Vermont projects are not available to fill the need, the funds (and any interest accrued while distribution is pending) will be used to fund the development of new Vermont renewable resources.

You can choose to have Green Mountain Power designate renewable resources equal to any multiple of 10 percent of your monthly use. The additional premium for *GreenerGMP* is 4 cents per kilowatthour (subject to change, if approved by the Public Service Board.)

To get an idea of what your additional monthly cost would be, multiply your average number of kilowatthours used by 10%, then by 4 cents. Remember, your actual use varies month to month, so the total monthly charge for *GreenerGMP* would vary as well.

I'd like to participate in *GreenerGMP*. I would like to participate at the:

_____ % level (must be a multiple of 10)

Am I eligible for this rate?

You are if you meet these criteria:

I am a Green Mountain Power commercial or industrial customer.

I have had a good Green Mountain Power credit history for the past six months.

Mail this form to: Customer Service, Green Mountain Power, 163 Acorn Lane, Colchester, VT 05446

I have read and agreed to the terms and conditions below and I meet the eligibility requirements.

Name _____

Business Name _____

Service address _____

City/town _____ State ___ Zip _____

Green Mountain Power account number: _____

Phone number during the day, including area code: ___ - ___ - ____

Email address (we will not give out your email address) _____

Mailing address (if different from service address)

Street _____

City/town _____ State ___ Zip _____

Signature (required) _____

Terms and Conditions:

1. Green Mountain Power will purchase certified renewable resources from Vermont projects equal to the portion of my usage I have designated. If enough operating Vermont projects are not available to fill the need, the funds (and any interest accrued while distribution is pending) will be used to fund the development of new Vermont renewable resources.
2. I will pay an additional amount of 4 cents per kilowatthour above and beyond the Green Mountain Power regular rate in effect. This premium is subject to change, with notice.
3. I understand that eligibility is limited to commercial and industrial customers with an account that is current and who have paid all charges for electric service during the previous six billing months on time.
4. I understand that *GreenerGMP* will be taxed at the same rate as my regular rate.
5. I understand I may withdraw at any time by notifying Green Mountain Power at callcenter@greenmountainpower.biz or calling 1-888-TEL-GMPC.
6. I understand that if I do not pay my Green Mountain Power bill within 64 days of the date of the bill I will be removed from the *GreenerGMP* program. I understand I will be responsible for all charges accrued while I am on the rate.
7. *GreenerGMP* will go into effect with my next billing.
8. I understand that signing up for *GreenerGMP* does not change the electrons that provide service to my home. Due to the complexity of the power grid and the laws of physics, actual electrons flow to the nearest need and cannot be directed to specific locations. I recognize that through *GreenerGMP* I am financially supporting qualifying new renewable energy sources in Vermont, but not necessarily directly to my home.
