

Residential sign up

Now you can choose to support renewable energy!

Yes! Sign me up for *GreenerGMP!*

Thanks for your interest in renewable energy. And for your interest in taking action to preserve our natural resources. When you sign up for *GreenerGMP*, Green Mountain Power will purchase certified renewable Vermont resources equal to the portion of electricity you have designated. If enough operating Vermont projects are not available to fill the need, the funds (and any interest accrued while distribution is pending) will be used to fund the development of new Vermont renewable resources.

You can choose to have Green Mountain Power designate renewable resources equal to 25 percent, 50 percent, 75 percent or even 100 percent of your monthly use. The additional premium for *GreenerGMP* for residential is 4 cents per kilowatthour (subject to change, if approved by the Public Service Board.)

The chart below shows the relatively low cost of receiving renewable energy. Shown here is a sample of what bills are now at three different usage levels, and then what the additional premium would be under *GreenerGMP*. Remember, your actual use varies month to month, so the total monthly charge for *GreenerGMP* would vary as well.

Sample charges:

Monthly kwh usage		
Charges under existing GMP Rate 01		
500 kwh	750 kwh	1000 kwh
\$74.91	\$107.40	\$139.90

Additional monthly charge for *Greener* Mountain Power @ 4 cents per kwh

	500 kwh	750 kwh	1000 kwh
25% level	\$5	\$7.50	\$10
50% level	\$10	\$15	\$20
75% level	\$15	\$22.50	\$30
100% level	\$20	\$30	\$40

I'd like to participate in *Greener*GMP. I would like to participate at the:

(Please check one.)

25% _____

50% _____

75% _____

100% level _____

Am I eligible for this rate?

You are if you meet these criteria:

I am a Green Mountain Power residential customer.

I have had a good Green Mountain Power credit history for the past six months.

I have read and agreed to the terms and conditions below and I meet the eligibility requirements outlined above.

Name _____

Service address _____

City/town _____ State ____ Zip _____

Green Mountain Power account number: _____

Phone number during the day, including area code: ____ - ____ - ____

Email address (we will not give out your email address) _____

Mailing address (if different from service address)

Street _____

City/town _____ State ____ Zip _____

Signature (required) _____

(See reverse side for Terms and Conditions)

Terms and Conditions:

1. Green Mountain Power will purchase certified renewable resources from Vermont projects equal to the portion of my usage I have designated. If enough operating Vermont projects are not available to fill the need, the funds (and any interest accrued while distribution is pending) will be used to fund the development of new Vermont renewable resources.
2. I will pay an additional amount of 4 cents per kilowatthour above and beyond the Green Mountain Power tariff residential rate in effect. This premium is subject to change, with notice.
3. I understand I may withdraw at any time by notifying Green Mountain Power at callcenter@greenmountainpower.biz or calling 1-888-TEL-GMPC.
4. I understand that eligibility is limited to residential customers with an account that is current and who have paid all Green Mountain Power charges for electric service during the previous six billing months on time.
5. I understand that if I do not pay my Green Mountain Power bill within 64 days of the date of the bill I will be removed from the *GreenerGMP* program. I understand I will be responsible for all charges accrued while I am on the rate.
6. *GreenerGMP* will go into effect with my next billing.
7. I understand that signing up for *GreenerGMP* does not change the electrons that provide service to my home. Due to the complexity of the power grid and the laws of physics, actual electrons flow to the nearest need and cannot be directed to specific locations. I recognize that through *GreenerGMP* I am financially supporting qualifying new renewable energy sources in Vermont, but not necessarily directly to my home.
